## MY PROFILE

I am a second-year Computer Science student in IIT with a passion for UI/UX Design. Proficient in Figma and skilled in HTML, CSS, and JavaScript. Thrives in collaborative team environments with a keen attention to detail. Committed to mastering design and development for creating seamless digital experiences.

## EDUCATION

**Informatics Institute of Technology**, affiliated with the University of Westminster, UK. **2023 - Present**  
BSc (Hons ) Computer Science

Prominent Modules :

Web Design and Development - 70 marks

HCI & User Experience - 73 marks

Object Oriented Programming - 85 marks

Client Server Architecture - pending

Database Systems - 83 marks

Server-side Web Development - pending

**Informatics Institute of Technology** Colombo , Sri Lanka. **2021 - 2022**  
Foundation Certificate in Computing - Merit

**Holy Cross College** Gampaha , Sri Lanka. **2011 - 2021**  
Primary and High School  
O/L results - 7As, 1B and 1C ( 2021 ) .

## PROJECTS

### • Vehicle Repairo mobile and web application ( Full stack )

This is a group project. We made a mobile application and a web application. We used python for the backend and the react native and react.js for the frontend.

### • Melodeez Music Website ( Front-end )

Designed and developed an engaging Music Website incorporating HTML, CSS, and JavaScript, featuring an interactive quiz for enhanced user engagement and interaction.

### • Online Shopping System ( back-end )

Designed and implemented a robust object oriented structure adhering to Inheritance and Encapsulation principles.

- **FOODIESPOT recipe app design ( UI/UX Design )**

This project demonstrates proficiency in UI/UX design principles, accessibility considerations, customization features, and a comprehensive approach to user engagement in the culinary world through a well-crafted high-fidelity prototype in Figma

- **Coffee Ordering app design ( UI/UX Design )**

This UI/UX design project showcases expertise in creating an engaging and user-centric experience for a coffee-ordering app, emphasizing usability, aesthetics, and accessibility.

- **Planto web design ( UI/UX Design )**

This UI/UX design project showcases expertise in creating an engaging and user-centric experience for a planto web, emphasizing usability, aesthetics, and accessibility.

## SKILLS

- UI/UX Designing ( Figma )
- Wireframing
- React.js
- HTML/CSS
- Javascript
- Python Programming
- Microsoft Office
- SQL
- MongoDB
- Java Programming

## EXPERIENCES / VOLUNTEERING

- Member of Rotaract club, IEEE club, and Mozilla club of IIT ( 2022 - present )
- Participated for Pyhack.0 inter university competition ( 2023 ).
- Participate for CODESPRINT 8 ( present )

## CERTIFICATES & COURSES

- Figma for UX Design - Issued by LinkedIn ( [Credential URL](#) )
- Introduction to Web Design and Development - Issued by LinkedIn ( [Credential URL](#) )
- Principles for UX Design - Issued by LinkedIn ( [Credential URL](#) )
- Get started with Figma - Issued by Coursera ( [Credential URL](#) )
