PROFILE

Final-year Computer Science undergraduate interested in Business Analysis and Project Management. Skilled in requirement analysis, documentation, and team collaboration through hands-on software development projects. Strong analytical thinker focused on improving processes and delivering practical technology solutions.

EDUCATION

Informatics Institute of Technology, affiliated with the University of Westminster, UK. **2023 - Present**
BSc (Hons) Computer Science

Human Computer Interaction and User Experience - 72
Trends in Computer Science - 69
Mathematics for Computing - 75
Computer System Fundamentals - 88
Web Design and Development - 70
Object Oriented Programming - 83
Database Systems - 82

Informatics Institute of Technology Colombo, Sri Lanka. **2021 - 2022**
Foundation Certificate in Computing - Merit

Holy Cross College Gampaha, Sri Lanka. **2011 - 2021**
Primary and High School
O/L results - 7As, 1B and 1C (2021).

PROFESSIONAL EXPERIENCE

- UI/UX Engineer Internship** **Apr 2024 - Apr 2025**
i-Context Pty Limited

Key Responsibilities & Achievements

- Developed responsive interfaces and prototypes aligned with project requirements and design standards. Contributed to improved usability and smoother user interactions through continuous testing and refinement.

SKILLS

Business Analysis & Project Management

- Agile & Scrum Fundamentals
- Task Planning
- Documentation & Reporting

Technical Understanding

- Software Development Lifecycle (SDLC)
- System & Database Fundamentals (SQL)

Tools

- Figma (Prototyping & Requirement Visualisation)
- Microsoft Excel, Word & PowerPoint
- Git & GitHub
- Draw.io / Lucidchart
- Trello (Familiar)

Soft Skills

- Analytical Thinking & Problem Solving
- Communication & Presentation
- Team Collaboration
- Time Management
- Attention to Detail

UNIVERSITY PROJECTS

• Vehicle Repairo mobile and web application (Full stack)

This is a group project. We made a mobile application and a web application. We used python for the backend and the react native and react.js for the frontend.

• Melodeez Music Website (Front-end)

Designed and developed an engaging Music Website incorporating HTML, CSS, and JavaScript, featuring an interactive quiz for enhanced user engagement and interaction.

• Online Shopping System (back-end)

Designed and implemented a robust object oriented structure adhering to Inheritance and Encapsulation principles.

EXPERIENCES / VOLUNTEERING

- Member of Rotaract club, IEEE club, and Mozilla club of IIT (2022 - 2025)
- Participated for Pyhack.0 inter university competition (2023).
- Participate for CODESPRINT 8 (2023)
